

CODE OF ETHICS

We agree, as a condition of membership in the Automotive Recyclers Association, to:

- ♻️ Promote the conservation of energy and the total utilization of our resources, both natural and manufactured.
- ♻️ Determine, within all practical limits, the quality and condition of each automotive part offered for direct recycling and to represent the same accurately.
- ♻️ Accept the social responsibility for good community relations, improved environment, integration of minority personnel into the industry, and for assisting local charitable and civic organizations.
- ♻️ Be a compatible business neighbor, while maintaining the highest standards of business ethics and conduct.
- ♻️ Maintain a clean, non-polluted, environmentally conscious business.
- ♻️ Operate according to the ordinances, statutes and laws of the various jurisdictions; never knowingly conducting business utilizing any automotive components of questionable origin.
- ♻️ Use every opportunity to promote and improve the public understanding of my industry, Association and the general concept of component and material reuse
- ♻️ Always treat the customer in a fair and professional manner, clearly identifying any and all warranties or conditions of sale.

As a condition of membership, we agree to abide by the Automotive Recyclers Association Bylaws and Code of Ethics, and understand that failure to do so may render our membership subject to cancellation.
